Size Guide

How our shirts fit and which size to choose. Measure your chest at the widest point, under the arms.

Adult shirts

S fits a chest of 88 to 94 cm, M 94 to 100 cm, L 100 to 106 cm, XL 106 to 112 cm and XXL 112 to 120 cm.

Home and away shirts have a regular fit: take your usual size, or one size up if you like a looser fit or want to wear something underneath. Between two sizes? Choose the larger one.

Retro shirts

Retro shirts are remakes of classic shirts and have a wider, boxier fit, like shirts from that era. Most people take their usual size or one size down.

Training tops

Training tops have a slim, athletic fit. Take one size up if you prefer a relaxed fit.

Kids kits

Kids kits are sized by height in cm: 116 (about 6 years), 128 (about 8 years), 140 (about 10 years), 152 (about 12 years) and 164 (about 14 years). If your child is between two sizes, take the larger one.

Accessories

Grip socks: S fits shoe size EU 36 to 39, M 40 to 43 and L 44 to 47. Goalkeeper gloves come in sizes 7 to 10, which is the hand circumference in inches. Shin guards: S up to 140 cm body height, M 140 to 170 cm, L above 170 cm.
