Shipping and Delivery

This page explains when orders are shipped, which carriers we use, what shipping costs and what to do if a parcel is late or lost.

Where we deliver

We deliver to the Netherlands, Belgium, Luxembourg, Germany, France, Austria, Denmark, Spain, Ireland, Italy and Portugal. We don't ship outside the European Union.

Shipping costs

Standard shipping is free for orders of EUR 50 or more. For smaller orders it costs EUR 4.95 in the Netherlands, Belgium and Luxembourg and EUR 9.95 elsewhere in the EU.

Express delivery costs EUR 7.50 extra, also on orders above EUR 50, and is only available in the Netherlands and Belgium.

Delivery times

Paid orders are packed and shipped within one working day, printed shirts included. Standard delivery takes 1 to 3 working days in the Netherlands, Belgium and Luxembourg and 3 to 7 working days elsewhere in the EU. Express delivery arrives the next working day.

Carriers and tracking

Parcels to the Netherlands go with PostNL, to Belgium and Luxembourg with bpost, to Germany with DHL, and to other countries with DPD or UPS. As soon as your order ships, its status changes to shipped and you get the carrier and a tracking number. You can also ask the assistant for the status of your order at any time.

Changing or cancelling an order

While an order is pending or processing, it hasn't shipped yet and you can still cancel it on the order page or by asking the assistant. Once it has shipped it can't be cancelled; you can return unprinted items after delivery.

Late or lost parcels

Tracking can sometimes go a day or two without an update. If the tracking hasn't changed for 5 working days, open a support ticket with your order number and we start an investigation with the carrier. If the parcel is confirmed lost, we send a replacement at no cost or refund the order in full.
