Shirt Printing

You can have a name and a number printed on the back of home, away, retro and kids shirts.

What can be printed

A name of up to 12 characters (letters, spaces, dots, hyphens and apostrophes) and a number from 0 to 99. You can choose a name, a number or both. Names are printed in capitals in the club's official lettering colours.

Training tops, scarves and accessories can't be printed.

Price and delivery

Printing costs EUR 15.00 per shirt, whether you choose a name, a number or both. Printed shirts are made in our own workshop and ship within the same time as other orders.

Mistakes in the print

We print exactly what you typed, so check it before you order. If we made a mistake, or the print peels or cracks within 6 months, we reprint the shirt for free. Report it with your order number and a photo.

A printed shirt can't be returned for a refund unless the print is wrong or the shirt is damaged.

Washing printed shirts

Wash printed shirts inside out at 30 degrees, don't use a tumble dryer and never iron the print.
