Return Policy

This policy explains how to return a product bought from SupportAI Store and how refunds work. It applies to all orders delivered in the Netherlands, Belgium and the rest of the European Union.

Return window

You can return most products within 30 days after delivery, without giving a reason. The 30 days start on the day the parcel is delivered, as shown in the carrier's tracking.

Products must be unused, complete and in their original packaging. Items that show signs of use can be refused or refunded partially.

Items that can't be returned

For hygiene reasons, bed linen (such as the Terra Linen Bed Sheet Set) and yoga mats can only be returned if the original seal is unbroken. Gift cards can't be returned.

How to return a product

1. Open a support ticket or ask the assistant to start a return, and mention your order number.

2. You receive a free return label by email within one working day. Returns within the Netherlands go with PostNL, returns within Belgium with bpost. Customers in other EU countries pay the return shipping themselves.

3. Pack the product securely and hand the parcel in at a drop-off point within 14 days of receiving the label.

Refunds

We refund the full product price, including the original shipping cost if you return the entire order. The refund is made to the original payment method within 5 working days after we receive the return.

If you cancel an order before it has shipped, you get a full refund within 3 to 5 working days and don't have to return anything.

Damaged or wrong items

If a product arrives damaged or you received the wrong item, report it within 48 hours of delivery. Include your order number and photos of the product and the packaging. We then send a free replacement or give a full refund, whichever you prefer. You don't need to send damaged items back unless we ask for it.
